

## Application Instructions

Geology Summer Field Camp, Sardinia, Italy

To apply for acceptance to the Geology Summer Field Camp, please complete and return the application form. You can request a copy of the application by email (contact info below), or you can down-load a copy from the website: <http://earth.boisestate.edu/summercamp/>. The application is a pdf form that can be filled out electronically, **but it will not save information in the form if you "Save a Copy"**. To obtain a copy of the completed form with your information, you can either: (1) "Print" it directly as an electronic file (usually a pdf), or (2) print as a paper copy and scan it. You can send electronic copies to us by email, or forward a paper copy to us by regular mail – whichever is easiest for you. Please send the application to:

C. J. Northrup ([cjnorth@boisestate.edu](mailto:cjnorth@boisestate.edu)), and Claude Spinosa ([cspinosa@boisestate.edu](mailto:cspinosa@boisestate.edu))

Mailing address:  
Department of Geosciences  
Boise State University  
1910 University Drive  
Boise, ID 83725

Within a week of receiving your application, we will let you know whether your application has been accepted, declined, or placed on hold pending either additional information or space availability in the class. After acceptance, we will provide instructions on how to complete the next steps in the admissions process: (1) application to Boise State University, and (2) submission of a \$500 down payment on your course fee to reserve your place in the class. Space is limited, so we encourage early communication and application, if possible. If you have any questions about the application process or any other aspect of the class, please let us know.

Best regards, and we hope to see you next summer in Sardinia!

CJ and Claude
